TEMBO's commitment to girls' education is at the heart of our mission

Each year, TEMBO provides funding for two academic enrichment programs to support girls before and during their studies in secondary school and we are grateful to you - our donors - who help us to make this happen.

In August 2022, TEMBO coordinated TEC for girls from Form 1 – Form 6, all of whom attended lessons offered by local Tanzanian secondary school teachers. These review lessons offer critical support to the girls as they go over material in small groups, have an opportunity to ask questions and continue to develop their understanding of English, the language of instruction.

The program is offered on the grounds of TEMBO, where all girls enjoy three nutritious meals and many sleep safely in the TEMBO Girls' Hostel.

According to Paulina Sumayani, Executive Director, "Both boarding and day students were cooperative and they all contributed into our program success. During the program, the girls got a chance to work on their schools

worksheets/questions given from schools. They had enough time and conducive environment to do their work; they also got assistant from their tuition teachers. Girls were very glad for that and they all completed their school work before leaving the program."

QUOTES from girls

"While in TEC, I did my school package/questions from school and the teachers supported me. I was able to visit the library and access books to do my work. The notes from TEC will help me for revision and improve my performance."
Amina, Form 3

"I learned a lot from TEC including topics that were challenging to me...The environment at home is very challenging in doing school work and reading because I help with domestic work during the day and in the evening I use a small kerosene lamp to do my homework because there is no electricity, so the environment at TEMBO is very conducive for me."

PASS PRIMARY AND SECONDARY SUCCESS!

Girls Registered 37 Girls registered

In just 10 days, TEMBO will welcome 37 girls for PASS – Primary and Secondary SUCCESS! This 10-week program will begin on October 10th and provide the girls from villages in and around Longido an introduction to school life and studies at secondary school.

Staying in the Girls' Hostel, the girls attend weekly life skills lessons that help prepare them for going away to boarding school, gain confidence and stay healthy.

As well, the girls attend lessons in math, geography and science subjects while also gaining basic English language skills.

10-week PRE-FORM 1 PROGRAM

OECTA provides \$5,000 grant to support NEW Pre-Form 1 at LIL

Staff at the Longido District Learning Centre are busy preparing for the arrival of young adolescents who will participate in a 10-week Pre-Form 1 program thanks to the support of OECTA (Ontario English Catholic Teachers' Association).

This week, the staff visited 4 remote villages to meet with 24 students and their families, all of whom will join more than 30-day students from Longido village for the program. Boys and girls will benefit from an

opportunity to attend lessons taught by local teachers as they prepare for secondary school in January.
